**Public questions on any items on the Agenda and the opportunity to raise Agenda items for future meetings:**

A member of the public raised the issue of A11/A14 trunking. This matter was discussed and it was disclosed that a Transport Study is out at the moment that covers Red Lodge. It was pointed out that there is no direct link from Red Lodge to the A14. A member of the public informed the meeting that an email has been sent to FHDC and a reply has not yet been received. A member of the public attended the meeting specifically to ask District Councilor Lance Stanbury questions concerning the above but unfortunately he was not in attendance, for whatever reason.

Bay Farm Digestion Plant - Version 1 was received and responded to by the Parish Council and members of the public. Version 3 is on the internet and has now been accepted without listening to the Parish Council and members of the public concerns.

Open Spaces – the following issues were raised by members of the public.

1. The Parish Council have been requesting since 2011 that trees be planted on the Newmarket Road Roundabout. This request has not been actioned and it was requested that this subject be made an agenda item for a future Parish Council meeting.

2. Green Lane Housing Development – S106 funds have been made available to bring this area up to the standards expected within the village.

3. Tree belt - Warren Road, Fennel Drive, Carnation Way, the saplings are sparse, some have not survived and the Parish Council feel that new saplings will need to be planted at the correct time of the year (October).

4. Dog walkers – commented that the tree belt between Hundred Acre Way to Warren Road needs cutting back, as it cannot be used by dog walkers, due to overhanging foliage. The meeting was informed that the tree belt belongs to Crest Nicholson and is not the responsibility of the Parish Council.

5. Heatherset Way play area – a member of the public inquired as to the progress of installing a MUGA. This matter has been referred to FHDC, who have yet to respond.
